WEDDINGS

how your special day can
help send a child to camp!

Charitable weddings are a growing trend;
the Channel 3 Kids Camp is pleased to
present you with a way to give back on
your special day.

Getting married?

Channel 3 Kids Camp offers our Share the Love Wedding program to couples who wish to donate to the camp in lieu of wedding favors.

Your donation will help provide necessary funding for children to experience camp who would not otherwise be able to and your guests will appreciate your thoughtfulness.

How it works

We understand how important the details can be when planning your wedding. From the flowers you pick to the color of your napkins, every decision is an important one.

We will work with you to plan your wedding “favors” by:

- Providing card stock in a choice of white or cream.
- Giving you sample language which can be customized for you.
- We will provide you with a proof for your approval prior to printing.
- We offer flexibility in formatting and your cards will be professionally created by our in-house graphic designer.
